Ref.No.NLET/CTC/22/07

Date 14.2.2007

**Joint Proceedings of the meeting of the “All Orissa Conferences of the Presidents, Secretaries and Principals of Sri Aurobindo Integral Education Centres and Executive Committee meeting of the New Life Education Trust held on 16th & 17th December 2006.**

To mark the occasion of the All Orissa Conference of the Presidents, Secretaries and Principals of Sri Aurobindo Integral Education Centres on 16<sup>th</sup> & 17<sup>th</sup> December, 2006, a meeting of the Executive Committee of the New Life Education Trust was held at Matrubhaban, Cuttack on 17.12.2006. The meeting started with the continuation of the open session of the Presidents, Secretaries and Principals meet at 11 a.m. with silent prayer to the Divine Mother. President Sri Sriballav Panigrahi was on Chair.

Since the points being discussed in the above said meet was of utmost importance and relevance, it was decided to continue the said discussion, item wise. The followings are the proceedings of the total discussion.

- 1. Participation in the State level meets:** It was observed with concern that the participation of the Schools and its organisers in the various state level programmes, viz, Students' meet, Teachers' training programme and Workers' meet are very poor, in comparison with the number of Integral Schools. In this context the general opinion was that local level (Zonal, District, Block) organisers take more interest for the local programme and less interest for the state level programmes. It was therefore decided that while strengthening the zonal and district level programmes, attempts will also be made for increasing participation in the state level programmes. The participants of the present meet will take the initiative in this respect. As far as possible the Trust Coordinators will try to establish personal contacts with schools so that participation will increase. It was also decided that the Zonal & District organisers will send their respective annual programme in advance so that attempts would be made to avoid a clash of dates with state level programmes.
- 2. July Organisation Meet & Information updation:** It was decided that District organisers will submit final data about the Schools as per the format supplied by the All Orissa Sri Aurobindo Study Circle Committee during the July Organisation meeting. Similarly the dues to the Trust will also be paid to the Trust Coordinators during this meet, against receipt. Classes in the schools will remain suspended on this day so that all the teachers could participate in the said meet.
- 3. Common Examination of Std. V & VII:** It was revealed that few schools are still appearing in the Board Examination of Std. VII inspite of clear instructions from the Trust to the contrary. Sri Bimal Prasanna Das, Vice-President narrated the chronological events which led to the grant of exemption to our Schools from appearing common Board examinations. In this respect Sri Prasad Tripathy, Secretary stated that hence forward if any of our schools appear in the common Board examination in Std. VII, the said school will be delisted from the list of Trust affiliated schools. Similarly an undertaking be taken from the parents of the students at the time of admission that the school is not going to appear in the Std. VII Board examination. This decision of the Trust was appreciated by one and all present in the meeting.

- 4. Cooperation not competition:** An atmosphere has got to be created and planned, be it in studies or sports, that each and every student shall learn to cooperate with each other than competing with others. However, they can be encouraged to compete with themselves so that they can bring improvement upon their past performance.
- 5. Celebration of Pujas:** There should not be any holidays for Saraswati puja or Ganesh puja. Simple programmes may be organised in the school on those days for the students.
- 6. Independence day & Republic day:** On these days, it will be better to make the students conscious of the expectation of Sri Aurobindo and The Mother on India. Mother's Flag is the symbol of this expectation.
- 7. Prizes:** Awarding or distributing prizes is not a healthy procedure. It is like giving bribe to the students for discharging their normal duties. Common items can be given to all the students in the annual sports events. In the certificate issued to the students their standard or capacity may be mentioned in stead of mentioning 1<sup>st</sup>, 2<sup>nd</sup> or 3<sup>rd</sup> position. Our students should not participate in any block, district or state level competition where prizes are given. However, they can take part in Science exhibitions for the sake of exposures, provided no prizes are awarded.
- 8. Holidays:** Common holidays list for the entire district or state can not be prepared. It should always be as per local requirements. The number of working days should normally be more than that of declared by the Govt. Celebration days, viz, Darshan days, District July Organisation meet day, etc. can not be declared as holidays. These are observation days. On Darshan days special programme can be chalked out.
- 9. School Uniform:** Green pant & White shirt are the commonly accepted the uniform in all schools for all students. Normal belt without Mother's or Sri Aurobindo's Symbol could be used, but in no case TIES be used. None of our schools should used Neck TIE as their uniform. Neither it is required nor it is useful. From the next academic session schools using neck tie should discontinue immediately. common dress for both boys and girls be introduced for at least Std VII After discussion with different schools the question of uniform for teachers will be decided.
- 10. Avail of leave by teachers:** No work no pay principle should be avoided in our Schools. Leave may be allowed as per requirement of the teacher, provided the same is not misused. We should be official as less as possible.
- 11. Text Books:** All Trust affiliated Schools must introduce Trust published books in their schools. Those schools which are not following the same are to introduce the same from the next session positively.
- 12. EPF:** There is no employee – employer relationship in our Schools, hence the question of becoming members of EPF does not arise at all. Every attempt be made to avoid this. Trust is fighting the case in the High Court, where it is pending.
- 13. Sri Aurobindo University:** Immediate attempts are to be made to encourage students of Std. VIII & IX to become students of the University under the guidance of one of their school teachers.
- 14.** Next meeting of the New Life Education Trust will be held on 8th April 2007 (Sunday) at 10 am at Matrubhaban, Cuttack

Due to paucity of time the normal agenda of discussion on granting affiliation to the schools could not be taken up. However, the Secretary was authorised to send affiliation to the schools those have satisfied the requirements and about whom visit reports by concerned members have to be collected.

The meeting ended with silent prayer to the Mother.

The following schools were affiliated as mentioned against each.

Sl.	Name of the place of SAIEC	District	Nature of Affiliation
1.	Asarana	Jagatsinghpur	Std.V provisionally for 2 years.
